City court is in session for the regular monthly term, and will continue through the week. A number of real important cases are to be tried, including eight or ten for violation of the state game law.

Mr. M. L. Tinley, for a number of years a member of Blitch-Parrish Co., has recently severed his connection with that firm, and is now making plans to leave Statesboro to engage in business in another town.

Mr. Charlie Jones, for the past three years a resident of Cordele, has recently moved to Statesboro and will open a mercantile business during the present week in the old stand formerly occupied by G. J. Mays.

The B. W. S. Sheppard estate lands, sold at public outcry Tuesday, were bought by Messrs. B. J. Sheppard and J. F. Olliff, each buying a lot of land on Maple street near Outland's stables. The prices paid were somewhat lower than usual for such property.

Legal sales Tuesday were attended by about the usual large crowd, and there were a great many articles sold at public outcry, though the bidding was not as active as usual, and prices ranged rather low. A number of pieces of real estate were withdrawn for want of satisfactory bids.

Creditors Begin Proceedings

Against J. A. Wilson & Son

Savannah creditors of J. A. Wilson & Son, late merchants of this place, have instituted bankruptcy proceedings against the firm, which ceased to do business here three months or more ago. In the bankruptcy proceedings, the moving creditors allege various acts of discrimination in favor of certain creditors by the firm. It was alleged that the payments of certain outstanding accounts shortly before retiring from business constituted illegal acts, and were, therefore, a fraud upon the other creditors. J. A. Wilson, individually, held a claim against the firm, and this was one of the accounts paid off before retiring from business. Mr. Wilson has moved to Effingham county since retiring from business here.

I have just returned from the Tennessee stock markets, where I purchased for this market a carload of choice mules. These will arrive tomorrow, and I invite my customers to call and inspect same.

W. T. SMITH.

Shooting Was Unintentional.

In regard to the shooting of the young son of Mr. J. L. Deal, Allen, by his brother, Dewey, on Sunday, of last week, the father of the boys asks the TIMES to state that the shooting was purely accidental. The two boys were playing with the rifle, when the younger boy, who was killed, attempted to look down the barrel. At the same time the boy who held the rifle, not knowing that it was cocked, pulled the trigger, resulting in the instant death of the little brother.

Josh Ellis Dead.

Mr. Josh Ellis, of Metter, died last night at his home in that city after an illness of several months with paralysis. The funeral will be conducted by Rev. T. J. Cobb tomorrow at the Lake church cemetery.

Mr. Ellis was one of the most

highly esteemed citizens of the county, and his death will be mourned by a large circle of friends.

Thomas Wadkins Dead

Thomas Wadkins, a resident of the Blitch district, died last Monday night after an illness of only a few days. Mr. Wadkins was a former resident of Wilkinson county but had lived in Bulloch for ten years or longer. He had a large circle of acquaintances and was highly esteemed.

Debate at Snap School.

There will be a public debate at Snap School Saturday night, March 8, by the pupils of that school. Resolved, "That capital punishment should be abolished," is the subject to be discussed. This is a well chosen subject, and with the able speakers that have been chosen, the public will miss a great deal by not taking advantage of the opportunity.

Doctors Endorse It.

Lang Bros., druggists, Paducah, Ky., write: "We sell more of Mendenhall's Chill and Fever Tonic than all others combined, having retailed over 700 bottles in one season. It is prescribed largely by the physicians here." Sold by all druggists.

Inauguration Party Off.

The Bulloch county inauguration party left Monday morning for Washington via of the Central railroad. More than twenty-five had been signed up for the trip and it was expected to secure a party ticket for that number at a greatly reduced rate; however, at the last moment many failed to show up, and the special car that had been left on the sidetrack was not disturbed, and only individual tickets were purchased. Those who went from Statesboro were Messrs. J. M. and J. J. Thompson, Morgan and W. C. Atkins, P. H. Preston and Miss Timie Grimes. They were expected to arrive in Washington at 6 o'clock Tuesday morning, and will remain for two or three days.

A Doctor's Statement.

J. R. Wells, M. D. Weidner, Ark., writes: "I have been practicing in Arkansas for twenty years, and constantly prescribe Mendenhall's Chill Tonic, where quinine is contraindicated for children and adults with weak stomachs. It sticks where others fail." Sold by all druggists.

Superintendent's Corner.

The Bulloch County Teachers Association met in Statesboro last Saturday at the Statesboro High School building with quite a good attendance, although the day was very unfavorable, it being rainy in the morning part of the day. Rev. Dennis conducted the devotional exercises, then the teachers began their program, which was made interesting by those who took part.

The following program was arranged for the next meeting of the association, which will be held on Saturday, April 5th: Devotional exercises—conducted by Rev. J. F. Singleton; Evils of Cigarette Smoking—Dr. A. J. Mooney.

Debate, Resolved, That a compulsory education law for the state of Georgia would be beneficial to the schools of Bulloch county—affirmative, Prof. S. D. Alderman, Miss Juanita Gardner, Prof. H. R. Kimbro; negative, Prof. B. H. Ramsey, Miss Zulime Lane, Prof. John Ross. Speeches limited to ten minutes. Round table discussion, continued.

Session from 10:30 to 1 o'clock. Teachers are urged to be there on time.

So far, the most of the schools of Bulloch county have had easy sailing, as there have been but few cases of contagious diseases to keep down the attendance. There are very few schools near the danger of dismissal for lack of the required attendance. The result of good attendance on the part of the pupils will be very beneficial to the school children throughout the county.

Teachers will take special notice of the following list of books which they are expected to get and read during this spring:

"Manual for Georgia Teachers;" Hodges' "Nature Study and Life;" Ginn & Co., Commerce Hall, Atlanta, Ga.; postpaid \$1. Colgrove's "The Teacher and

the School;" Charles Scribner's Sons, Temple Court Building, Atlanta; postpaid \$1. "Everyday Problems for Country Teachers," by W. V. O'Shea, \$1.25.

If you expect to renew your first grade license, get these books and get prepared; or, if you expect to stand this summer's examination, you will have to have the above named books. Do not overlook this notice.

The next and the last special examination for those who have no license will be given some time the latter part of March. Watch for the notice and be ready to come in and take it.

One of our teachers married the day before she came to Bulloch to teach, and she found after two months spent teaching up here in this county that she could no longer live apart from her spouse, so last Friday she gave up her school to return to him. We refer to Miss Ethel Bowles, whose home is in Fitzgerald, Ga.; do not know to whom she was married.

Statesboro Institute High School Department

BY H. D. M.

The *Criterion*, the annual to be gotten out by the senior class, is on the road to success. All the pictures for the cuts have been turned in, and the literary work is progressing nicely. The annual will appear the first week in May if possible, and it bids fair to be a "boomer" for the school and Statesboro.

Baseball season started last week and the first practice game was played Friday afternoon. Some of the town boys organized a nine and were willing to be slaughtered by the fast growing high school. Bright prospects are in view and the manager is trying hard to get a nice schedule arranged. The first scheduled game will be played toward the end of this month.

Only three more months of school. These months can be made profitable and full of lasting pleasure if all the students can realize that "school time" is the happiest time of life. The pupils of the high school are doing this, and the senior class is on the home stretch, pushing forward to obtain the highest goal—a diploma.

There will be a large graduating class this year, and commencement will be a gay season for the younger set. Arrangements are now being made for that time.

The district meet is on us. On April 25th the accredited high schools of the First district will meet in Statesboro. All the schools in this class are coming, and with war paint and flying colors. The contests for the athletic and literary places will be held some time this month. The best we have is to represent us, and when any other school beats us in a contest (that is, if any can) we will acknowledge them as our superiors, for they will have to fight a good fight to win. We hope the pupils will take a great deal of interest in our school and help us entertain the large crowd of coming American citizens.

TEACHES EMPLOYEES WITH MOVING PICTURE SHOW

CENTRAL OF GEORGIA RAILROAD BEGINS IMPORTANT CAMPAIGN

(Albany Herald).

The Central of Georgia railroad company, through its educational bureau, with Mr. D. C. Boy, assistant chief, in charge, has fitted up a real moving picture show on wheels, which will travel over the whole system. Its first exhibition was given in Albany last night. The show, while very attractive, is not what one usually finds at the ordinary moving picture shows. It has train wrecks and other accidents, but they are not given with the view of making one's hair stand on end, but are given to the employees of the company to show just how the accident happened and how it could have been avoided. Not only do these pictures deal with the expense to the company, but they call special attention to the needless risks that are run each day by the average trainman, switchman and all others engaged in the manipulation of trains.

Views are prepared showing the proper and improper methods of firing an engine, the proper placing of coal, etc. Train rules are shown and are given a prominent place, but the things that cause the average business man to sit up and take notice are the views on loss and damage. They show the proper method of placing freight in cars for shipment, and also the same freight after it has been handled over a division and through one or two railroad yards—in other words after the freight has been thoroughly "shuffled."

This new venture, which has been prepared at a great cost, can have only one effect, and that is to help the men and company jointly. It is very worthy of mention that Mr. Daniels called attention to this "G." which says that the man who either drinks or frequents the saloon is liable to dismissal. He stated that the road has no use for the drinking man. The car goes from here to Dothan, Ala., and then to Rufaula, and will keep going until the system has the "safety first" idea thoroughly instilled into its daily life.
